

Sing along!

Curiosity

Curiosity, curiosity, curiosity,
It's in you and me.
In you and me and you and me.
Curiosity, curiosity, curiosity,
In you and me.

It can make you wonder why,
And it can help you reach the sky.
Asking questions every day,
Finding out a better...
Curiosity, curiosity,
Curiosity in you and me.

Curiosity, curiosity, curiosity,
It's in you and me.
In you and me and you and me.
Curiosity, curiosity, curiosity,
In you and me.

It can make you wonder why,
And it can help you reach the sky.
Asking questions every day.
Finding out a better...
Curiosity, curiosity,
Curiosity in you and me.

Always wondering when,
I'm always wondering why.
Asking questions who, what, when, where, why?
I wonder, wonder what,
I wonder, wonder who?
Asking questions,
What, when, why, where, who?

It can make you wonder why,
And it can help you reach the sky.
Asking questions every day.
Find out a better...
