

Sing along!

Now's The Time

Now's the time to sing along,
Use our voices sing a song.
Now's the time to sing along,
As we sing together.

CHORUS

If you listen, I'll tell you,
What's the next thing we will do.

Now's the time to play outside,
Run around and seek and hide.
Now's the time to play outside.
As we play together.

Now's the time to clean up toys,
Share the work with girls and boys.
Now's the time to clean up toys.
As we work together.

Now's the time to go to school,
Pay attention, follow rules.
Now's the time to go to school,
As we learn together.

Now's the time to get along,
Share and sing a happy song.
Now's the time to get along,
As we live together.

Now's the time to go to sleep,
Close our eyes, don't make a peep.
Now's the time to go to sleep.
As we rest together.
